Where to Write for Information

We Do Suggest—One Subject, One Letter

In writing to National Headquarters concerning any matter, much time and effort will be saved if each letter covers **only one subject**. When a letter covers several subjects, such as Supply orders, Community Activities, Membership Awards, etc., a reply is unnecessarily delayed while the letter passes through the various Departments at National Headquarters for individual answers.

Letters concerning Rehabilitation, Employment, National Security or Legislation should be addressed to the appropriate Director, VFW Memorial Building, 200 Maryland Avenue, N.W., Washington, D.C. 20002.

Letters covering other programs and activities of the National Organization should be addressed to the Adjutant General, Quartermaster General or the appropriate Director, VFW Building, 406 West 34th Street, Kansas City, Missouri 64111.

Remember, your first source of information should be your Department Commander or Department Adjutant. These Officers are equipped to give you necessary information on most routine problems.
